Vray render

Corona render

Photoshop

/ LANGUAGE /

French (First language)

English (Speak and written)

Spanish (Basics)

/ EMPLOYMENT /

**Virtual Building - Lyon, France**

3D Graphic Designer, August 2017 - Present

- 3D visuals creation as still images, 3D building modeling, 360 panoramas and sales plans
- Leading graphic production method on each project I worked on.
- Proposing my help to my coworkers so they keep a fast and efficient production method.
- Maintain a good relation with my Project Manager and communicate them the advancement of the production.

**Freelance 3D Graphic Designer - Lyon, France**

3D Graphic Designer, July 2016 - August 2017

- 3D visuals creation as still images, technical visuals and construction animated steps
- Creating my own graphical charter and applying all knowledges I have learned in my 12th Grade in brand imaging. This involves logo creation, webdesign, flyers and visit card.
- Creating my own network by canvass companies with different media (emailing, flying, phone calls)
- Creating professional relations with my trainer's clients

**Work-Study 3D Graphiste Designer - Moulins, France**

3D Graphic Designer, September 2015 - September 2016

- Measurements of existing buildings so the plans can be realized.
- Modeling of the building with the measurements I've made.
- Photo integration with 3D building. 3D building modeled with 3DS Max and rendered with Vray.
- Integration of the renders on the picture with Photoshop.
